

GABRIELLE HAYASHI

My name is Gabrielle, I am 22 years old and for the past 5 years I have been engaging in a diversity of initiatives and international opportunities to learn and implement my experiences in form of social projects in Brazil. Project arizona for me means to learn more about the stands of liberty and how different points of few can correlate in specific global issues. Therefore, I am determined to bring positive change to my home country after the networking experience and become a true leader of change and for that, I need your help.
